

Moving Forward with Community Health Mozambique Building Fund

Supporting Training for Health Renewal in
Mozambique

Linking Canadian and Mozambican communities and institutions in building capacities for healthy community development.

Mozambique Building Fund

Mozambique Building Fund

- Charitable NGO supporting development projects in Mozambique
- Raises funds from individuals and organizations in Canada and internationally
- Projects include rebuilding schools, a new rural bridge, an HIV support centre in Massinga and village-based community development initiatives.

HIV-AIDS Support Centre in Massinga

Community Bridge for Access to Services

Building Community Infrastructure – Community Development Centre

- Look for solutions to address economic and social determinants of health
